

## JUNE PROGRAM DETAILS

READ! Please sign up at your local library to participate in the Summer Reading Challenge. Design your own challenge to fit your reading goals, and earn prizes for reaching the mid-point and for completing your challenge!

**\*All programs are free.**

**Please see our calendar for locations, dates, and times.**

- **Jungle Jim's Minecraft Madness:** Join Jungle Jim as he leads participants through the magical world of Minecraft! Combining balloon artistry, magic, comedy and improv, Jim creates an amazing experience for children. Activities include Giant Dragon creation, the Building Block Madness Tournament, a riveting Zombi Chase and the Balloon Firework Rocket extravaganza!
- **Treasure Hunt at the Library (for all ages):** Come by the Main Library any time during the Summer Reading Challenge to follow clues that will lead you to a mystery case. Bring that container to the Children's Services desk to earn a special stamp. There will be a new puzzle every Monday.
- **Club LEGO (for ages seven and up):** Can your LEGO bridge hold the most weight? Can you build a course that a marble can slide through? Solve these and other challenges as we mess around and have fun with LEGOs.
- **Storytime and a Craft (for ages three to six):** Your child will listen to stories and sing songs before making a craft to take home. Call 469-8110 (Wesmark) or 773-7273 (South Sumter) to register.
- **Get Moving - Free Hip-hop Workshop (for ages seven and up):** No dance experience necessary. You will have fun and get fit learning easy hip hop choreography and helping to make up dance moves of your own.
- **Building Tall Ships & Pirate Tales with Sciencetellers:** Set sail with Sciencetellers on a thrilling action-packed adventure about a crew of quirky pirates marooned on a desert island. With mutiny and high-tide looming, they must rescue their salty captain and find a way to construct a ship before all hope is lost ... at sea! Planks, sails, rigging, rails... what else could building a pirate ship possibly take?! Throughout the story, volunteers from the audience will help explore the incredible science behind clouds, combustion, air pressure, scientific variables and more! Do not miss this refreshing nautical tale with a twist!
- **Storybuilders Improvisation Workshop (for ages seven and up):** Have you always wanted to be on stage? Join us as we play theatre games and act out stories on the spot.
- **Father's Day Craft (all ages):** Dad will love the hand-crafted gift you make at this program.
- **Arts and Crafts Workshop (for ages seven and up):** Choose your project --make a crochet chain bracelet, create a tinfoil sculpture, or practice your drawing skills.
- **Teen Advisory Board (for ages 13 and up):** Pick up an application at any library location. Members of the Teen Advisory Board earn volunteer hours, all while having fun and helping to plan future library programs.
- **Beginning Computer Coding with Scratch (for ages seven and up):** Scratch is an MIT computer program developed to help you learn to think logically and creatively, preparing you to learn computer coding. At this program, you will experiment with Scratch, connecting blocks of code to create interactive stories, retro games, or animations. Please call 773-7273 to register.
- **Geronimo Stilton Scavenger Hunt (for ages seven and up):** Hunt through newspapers for clues you can follow around the library. The first to finish wins a prize!
- **Build and Grow with Lowes (for ages seven and up):** Build a boat, a Green Hulk, a Captain America and more from fun kits provided by Lowes. Call 469-8110 to register.
- **String Celebration:** This musical duo offers an educational and entertaining musical performance.
